## Community Web Hosting

[www.dbrl.org/hosting](http://www.dbrl.org/hosting)

Local not-for-profit organizations, including government agencies, civic organizations, associations, clubs, religious organizations, etc. may apply to become a local information provider and receive free web site hosting. These organizations should either be based in Boone or Callaway county or directly serve constituents in those counties.

Sites hosted by Daniel Boone Regional Library (DBRL) can choose to use a URL (web site address) provided by DBRL (which will be of the form *yoursite.missouri.org*) or purchase their own domain name. Please contact us for more information about this option.

Applications will be reviewed for considerations such as: authority of the organization and responsible individuals; relevancy, timeliness and general interest to the public; compliance with the acceptable use policy (below) and web server space.

For more information about our web hosting services, go to: [www.dbrl.org/hosting](http://www.dbrl.org/hosting)
